DURAT® design collection

The DURAT® design collection is a selection of exclusive, minimalist design furniture mainly for use in bathroom interiors. The collection includes bath tubs, shower trays, wash basins, tables, stools and benches.

The DURAT® design collection has been developed by Ulla Koskinen, Ulla Tuominen and Eeva Lithovius.

DURAT® material

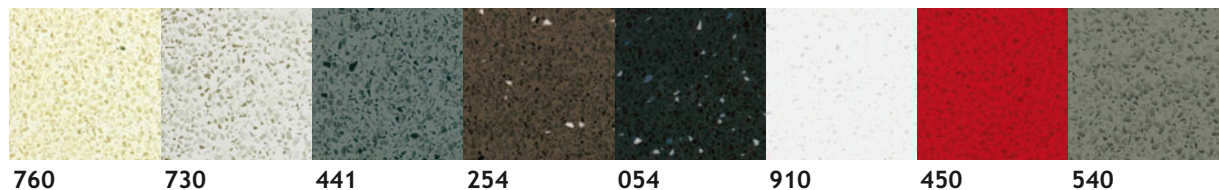

The design models are made of DURAT®, which is a solid surface material containing recycled plastics. The surface is easy to keep clean, resistant to various chemicals and can always be renewed by a light sanding if needed.

DURAT® colours

The recommended colours for the DURAT® design models are the DURAT® colours 910 (white), 760 (cream), 730 (light grey), 441 (dark grey) 540 (concrete), 054 (dark grey/black), 254 (dark brown) and 450 (red). The models are, however, available in all standard Durat colours.

All dimensions within this catalogue are quoted Length x Width x Height.

Disclaimer: Due to technical reasons the printed colours may not correspond fully to the actual colours. Tonester Ltd reserves the right to alter or change any information contained in this brochure. © Tonester Ltd 2004
