- Manufactured from 100% post-consumer recycled paper and our own PetroFree™ resin.
- Durable composite surface for tables, countertops, vanities, partitions, wall panels, window sills, furniture, signage, and more
- Standard and custom edge profiles are achievable
- FSC Certified by SmartWood/Rainforest Alliance
- Durability allows installation of ½" thick material
- No added urea-formaldehyde resins
- FSC Designer Colors are made with 90% post-consumer recycled paper, mixed melamine, and phenolic resins.

- NSF certified as safe for direct food contact in food prep areas
- Highly resistant to stains, scratches, and chemicals
- 10 Year Manufacturer's Warranty
- VOC free
- Contributes to LEED 2009 MRc4, for recycled content, MRc7 for FSC, and IEQ4.4 for no added urea-formaldehyde

* Leather and Pewter contain some non-recycled paper.
Printed colors are not exact. Please call for physical samples.
